

EMAIL MESSAGE TO IMDTT MEMBERS AND SUPPORTERS IN OUR TIME HOME.

Russell, have been emailing your Gmail and Edu address. NALIS is willing to put IMDTT related short videos on their Facebook page weekly. This is a door we can pass through. We were supposed to start meeting electronically. A video on the book **"Predictors of Juvenile Delinquency"** with an Introduction by you is a fantastic start. Robert has a 7 part YouTube Series on **"King Doc Wealth of Health Series"**, on a site of the same name. Longer than the 5 minute requested by NALIS but still very useful at this time. **Our members have a lot of material to share with the NALIS market and can email ideas to NALIS Librarians on this list.**

All MAVAW legal requirements are up to date and we MAVAW men work in our own space and with our personal funds, allowed by our monthly tax free allowances, so MAVAW is a continuous automatic operation. **It was designed so to operate until Formal operation can be added, a methodology of Sustainability, enshrined in its initial design.** IMDTT on the other hand is not so designed and must strategize differently, is poised for tremendous OUTREACH growth and is still developing. A suggested Budget by Jerome was proposed for the Gayelle Caribbean TV Series and has to be sent to all of the IMDTT persons on this list for additions, comments and suggestions, before submission to the Office of the Prime Minister, Gender and Child Affairs Department. **There are a number of ideas/projects started with IMDTT, since January 2019, which are listed below briefly. Each with first design concepts.**

1. Our "Week With NALIS" every International Men's Day Period during November, **(with the follow up book of the presentations so delivered, managed by Dr. Lennox Grant).**
2. Our last Friday of the month Lunchtime Meetings/Discussions in the Seminar Room at POS NALIS second floor, 12 noon to 1pm. **(approved but on hold)**
3. Our plans to OUTREACH the Prison Inmate population every last Tuesday and Thursday monthly, with NALIS Prison library cooperation, **(ongoing after a few appearances in the Prisons and awaiting formal approval, also on hold).**
4. Our first Tuesday monthly with Gayelle Caribbean TV, from 7pm to 8pm, at Gazelle's Studio in St Joseph. **(2 done so far and on hold awaiting funding submission and approvals).** Errol has the link for the second LIVE one and Robert has the link for the audio of the first one.
5. Our Radio Interviews with Family Focus 98.1FM, every first Saturday monthly from 7pm to 8pm. **(awaiting approval from management)** and our 102 Radio Interviews every first Wednesday monthly, from 7pm to 9pm (also awaiting approval from management).
6. Our start of the design and proposal for a Nationwide Positive Parenting Programme (NPPP), **(a collective effort by all so interested and a critical need here).**

We in IMDTT are very ambitious and committed to change the developmental path in beloved Trinidad and Tobago with the consent, approval, blessings from all men and women so willing to join us at IMDTT and with monies from ourselves in the first instance and wherever else such monies can be sourced thereafter. Our LOCK-DOWN temporary status will allow us to plan online for a while. **Message from Secretary/Director, Donald Donat Berment, IMDTT and MAVAW.** All so interested please ask Dr. Jerome Teelucksingh to send you his proposed Budget Suggestions, for our start of Budgeting to progress with all of the above, but with the Gayelle Caribbean TV Series in the first instance.

Stay Safe, Stay Healthy And Stay At Home. So much can be done with time used efficiently. Knowledge Is Power--Sharing It Is Love. <https://www.archive.org/details/@mavawsec>.
